Vendor Rules and Guidelines 2017

No pets are permitted in vendor spaces.

No smoking or tobacco use is permitted in vendor stalls. This includes smokeless tobacco. There will be a designated spot for smokers, away from the market area.

Business relations between the market and the vendor is “at will” and may be terminated at any point in time without cause.

Severe weather is the only weather related reason for the market to be canceled. If severe weather exists (IE. a “warning” has been issued, not a “watch”) prior to market opening that days market will not be held.. If severe weather develops during market hours, decisions will be made on a case by case basis. Customer and vendor safety is the primary concern.

Failure to adhere to any of the above rules may result in forfeiture of your stall or removal from the market. The market will operate by a “three strikes” policy, whereby the third violation will result in suspension of Market privileges for an amount to be determined by the Market Board based on the severity of the offense.

The Farmers Market Committee reserves the right to update these Rules and Guidelines at any time. All vendors will be made aware of any changes in writing within 7 days.
