

Where Your Tax Dollars Go

Your Property Tax Bill Calculations...

<u>True Cash Value of Home and Land</u> (what your home and land would sell for on the market)	\$160,000
<u>Assessed Value</u> (1/2 true cash value)	\$80,000
<u>Taxable Value</u> (capped by Michigan Law and usually less than Assessed value)	\$75,000

Your Property Taxes are based on "mils". 1 mil equals to 1/1000 of your taxable value. Thus, 1 mil of \$75,000 is just \$75.00. (The formula goes like this: Taxable value divided by 1,000 and multiplied by the total number of mils.) MilS are always carried out to 4 decimal places.
